

**Leeda ICON M-SPORT POWER RODS**

Built on the tried, tested and trusted Icon blank, the new Icon M-Sport range hosts improved rings, a full length parallel handle, which is fully encased in Japanese shrink wrap, improved whipping and is supplied with a set of coaster reel seats. Add to this the stunning graphics, and the finished rod is all kept safe in a twin compartment heavy-duty rod bag. The Icon M-Sport range punches seriously above its price bracket with actions, bite detection and sheer casting ability of rods twice its price. These rods are built for the UK coastline no matter what ground is fished over, but equally would not be out of place on a tournament casting field, such is the ability of this range of rods.

**Abu Garcia 12FT 4" ATLANTIC BEACHCASTER**

Building on years of history and technology, the original Abu Atlantics were the first rods to seriously cast any distance. Abu have brought back the name and updated the technology so in the right hands, these rods can reach places the competition can only dream about. Crisp-action IM6 blanks dressed with the original Fuji guides create the perfect partnership. Infinitely variable from the original innovators of the sliding grip reel seat technology.
